PLUMBING, DRAINAGE AND
SANITARY PRODUCTS

w.e.f. 1st Oct, 2018

**WORLD'S
LARGEST SELLING
CPVC Pipes & Fittings**

Construction Industry Database (CIDC) - 2017
Has been awarded as an Approved Vendor
for providing the following services/products:
Manufacturing of CPVC & UPVC Pipes & Fittings.

WCRS Leaders Summit - 2014 Ashirvad Pipes
"One of The 100 Fastest Growing Indian
Brands in A-FA" (Outlook) and selected by
KPMG The Global 5000 Firm.

The National Award - 2007 Ashirvad won the
National Award for Outstanding Achievement
in Medium Enterprise. The Award was presented
by the Prime Minister of India.

SMART WATER MANAGEMENT PLUMBING, SANITARY, AGRICULTURE

Why Buy CPVC Pipes & Fittings Products from Ashirvad

Why should you buy CPVC fittings and CPVC pipe from Ashirvad? Low cost and good customer service are reason enough to buy CPVC plumbing products from us. However, we'll share a few more reasons to do business with Ashirvad.

1. We are the only NSF certified CPVC pipe manufacturer in India.

Ashirvad is the only CPVC pipe manufacturer in India to achieve NSF certification. NSF International is a third party certification organization that assures suppliers comply with strict standards for quality and safety. Our NSF certified pipes ensure the safety and quality of your water supply.

We're also members of a number of other industry associations. For example, Ashirvad is a member of the PVC Council. However, this isn't the only reason you should consider our CPVC pipes for your construction project.

2. We have been in business for years.

We have been serving India for nearly sixty years. Ashirvad was first established in 1961. We are one of the pioneers in intrusion technology, and we have been working to improve our record. Ashirvad products have a reputation for quality and durability. This is the result of the long, successful history of our products in the field. Ashirvad is ISO 9001 certified. Our ISO 9001 number is 65-034-4641.

3. Our quality is second to none.

We have mentioned our NSF certification, proving that our pipes are the best you could install for your drinking water supply. However, we take pride in all of our CPVC pipe products, including pipes and pipe fittings. This is why Ashirvad is also ISO 9001 certified.

We are even recognized by the Indian government as an export house. Our products are so good we export to the rest of the world. Ashirvad is also a member of EPIC India or Engineering Export Promotion Council and affiliated with the Federation of India Export Organizations. Ashirvad actually received several awards from the EPIC for highest export performance. We once received their All India trophy for highest exports in one year. We are associated with the All India Federation of Plastic Industries, as well. Don't rely on a foreign supplier for your CPVC pipes and pipe fittings. Our products are so good other countries buy from us.

4. We are environmentally friendly.

The Ashirvad line of CPVC pipes and pipe fittings is made from virgin UPVC in a lead-free environment. We minimize the environmental impact of our manufacturing process, as well. A side benefit of buying our CPVC pipe fittings is that they'll last for decades. Longer lasting material means
